

Youth Led Grant Grant Guide

❖ **All organisations applying for the grant are doing so for a project that is youth-led**

All groups asking for money from us should be led by young people. Young people are fully involved from the beginning to the end and have their say in exactly what happens.

❖ **The project being set up by the young people is a voluntary activity**

The project should have people involved who are willing to take part. The people involved shouldn't make profit for themselves.

❖ **The majority of young people involved in this project are aged 14-25 years old.**

Most of the young people taking part in the project should be between the ages of 14 and 25. If your group is worried about this point, please contact us to talk it through

❖ **The project taking place is in Flintshire and will benefit people from Flintshire**

The project taking place must be shown to benefit the young people and the communities of Flintshire

❖ **We would welcome applications that support the following priority areas:**

- Early Years (0-7 year olds) – activity which supports children to lead healthy, prosperous and fulfilling lives.
- Housing – activity which improves living conditions and tackles homelessness
- Social Care – activity which helps build strong communities and for people to live independent lives for longer.
- Mental Health – activity which improves awareness of mental health conditions or improves the help that people with mental health conditions get.
- Skills and Employability – activity which improves skills and readiness for education or employment.
- De-carbonisation – activity which improves the environment

❖ **The grant must be spent by Saturday 28th of February 2021**

The monitoring forms (forms that track your progress) must be completed and sent in by **Friday 26th March 2021.**
